

You said, we did!

May 2024

I don't like learning.

We are going more trips.
We are entering more sports competitions.
We are making lessons more practical.
We have invested in more resources.

I don't like times tables.

We are having regular inter-year group and classes TTRS Battles for Years 3-6 – results are published on the school website.
Staff have had training to make time tables more interactive and fun.
Times tables are re-visited daily in Years 2-6.

I can't remember when we learned about online safety.

We have online safety lessons at the beginning of the term.

We have new posters to help you remember how to keep safe in all of the classrooms.

The publishers of our monthly Online Safety Newsletter have begun making short videos to help parents keep children safe online – these are on the school website.

We have fixed the equipment where possible.

We have removed the equipment that we could not fix.

On the Year 5 and 6 playground, Miss Langham has 'zoned' the yard so that children have different activities to do in different places, e.g. on the grass is the quiet area where children can go to read, draw or items from the playground box.

Mrs DeBarr has bought each year group a lunchtime playground bag with different equipment in.

I'd like the equipment fixing so that I can play on it.

I don't know what bullying is.

We have weekly RSHE lessons. Some of the lessons help you to understand about bullying and relationships.

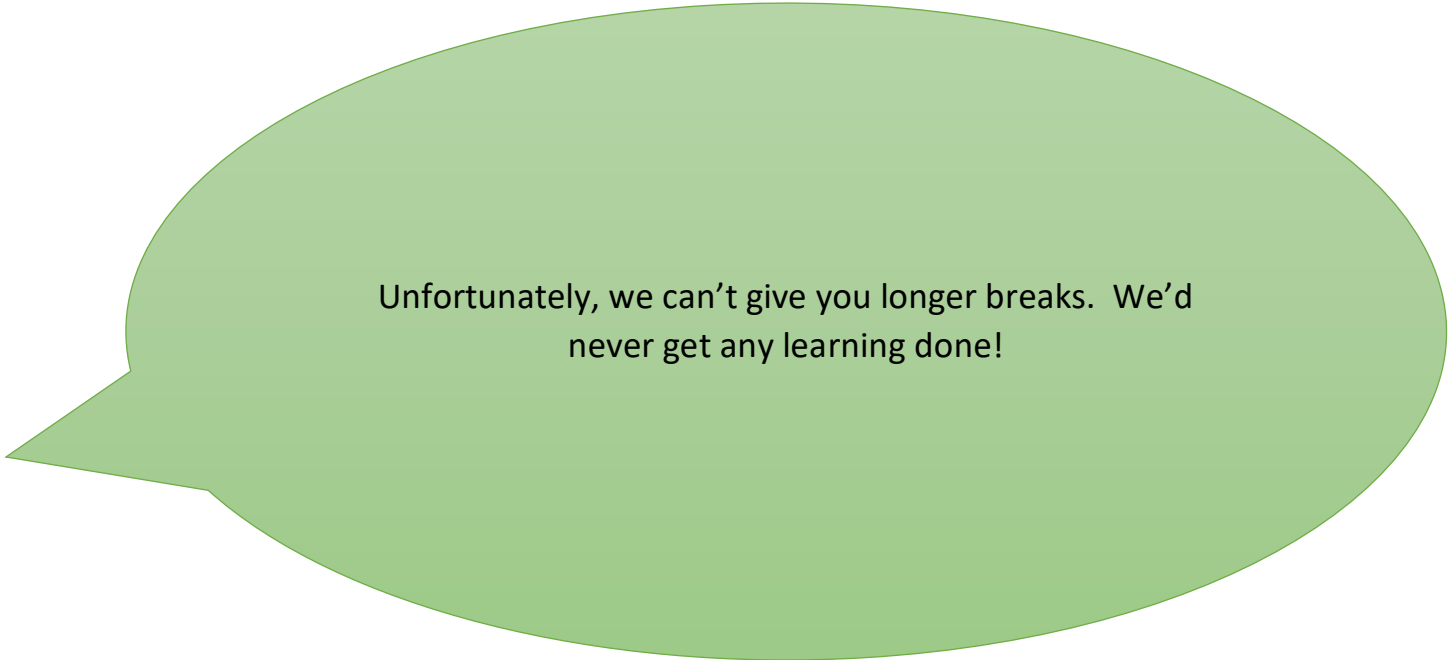

We have posters around school to help children to understand what bullying is and what to do if you are worried.

We have 'worry boxes' in classrooms and corridors and encourage children to fill in privately to let trusted adults know.

We have identified pockets of behaviour and focus on these each week. In our classrooms you will see our, 'this week we are getting caught ...' posters displayed on our RSHE boards.

I'd like longer
playtimes!

Unfortunately, we can't give you longer breaks. We'd
never get any learning done!

Some of the positive things you said about Cantrell Primary School:

I like learning new stuff. When you're older, it will help you get a good job

My favourite subject is Maths.

I met my best friend when we started in Nursery

Parental supervision to keep you safe when you are at home.

The teachers are fair if we have done something wrong

We can say sorry to make it better and the teachers give consequences

When I started school, children made me feel welcome and showed me what to do.

My teacher looks after us when we get hurt or something happens. They talk to everyone who's involved.

Not talking to people or sending pictures to unknown people

I can use the Worry Box to let my teacher know

Mrs Weaver stands outside at the gate to welcome us

There are the menu choices in the foyer which have veggies with every meal. We also have a fruit choice for pudding if we want something healthy.

Teachers listen to everything and are understanding if something has happened.

Bullying means: several times on purpose.
