

You said, we did!

September 2024

The field can be too big!

We have zoned the field for each year group with equipment bags full of kit to play with.

There are strangers taking photographs of us from the field.

Whenever we have had reports of this, we have telephoned the Police straight away. Mr Hatton and Mr Barrett (Site Manager and Caretaker) will be putting netting on the fence that borders St Albans Road to create a block to the field to keep you extra safe.

Too many slide tackles in football on the field and people are getting hurt.

We have removed the footballs from the equipment bags. Here are lots of other exciting kits being put in to keep entertained at lunchtimes.

EYFS children did not know what bullying is.

Staff across school are planning exciting lessons for Anti-bullying Week in November. Staff are also ensuring that this is covered to help you know the difference of being unkind to bullying.

The fire alarm sirens don't sound on the playgrounds – if we are outside, we won't hear them.

Mrs Bagnall and the site team are looking at ways that the fire alarm will sound on the outside spaces around school.

Some of the positive things you said about Cantrell Primary School:

I love Superstars assembly!

Teachers make me safe

The teachers teach us how to be kind.

The teachers push us slowly on the swing at Forest School – I love it!

I say 'hi' to my old teachers. I miss my old teachers but I like my new ones.

I like how fun everything is.

Our teachers help us to work things out and say we're sorry to put it right.

One time, someone fell off their chair lots (they were swinging and fiddling). My teacher gave them a band and she's not fallen since!

Mrs Weaver waits at the gate, smiles and says good morning. It makes you feel happy.

Our teacher welcomes us every morning.

Our teachers teach us it's not so bad to make mistakes. It's better to own up to them than tell a lie.

Our new area in the foyer protects us.

PE is more fun with Mr Francis and Mr Beard!
